Dear Dr. Greer:

It has just come to the attention of the four of us that you have, without giving any of us the opportunity to comment, published a distorted account of a dinner party of some six years ago at which the four of us, you, and your wife were seated together.

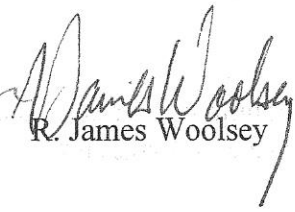

In the Introduction to your book, Extraterrestrial Contact, published earlier this year you portray this dinner party conversation during which the four of us listened to your views and politely asked questions as a "briefing" with a "cover story." You further assert that Mr. and Mrs. Woolsey reported a UFO sighting to you and agreed with your views. You include specific alleged quotations from them.

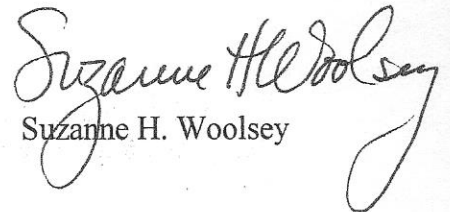

None of this is accurate. You have portrayed politeness as acquiescence and questions as affirmations. Your conduct in this matter contravenes both accuracy and simple manners.

Sincerely,

  
John L. Petersen
